### CAREER OBJECTIVE

"Passionate computer science student aiming to leverage my skills in Java development and web technologies to contribute to cutting-edge projects while continuously learning and growing."

## **Work Experience**

Internships

Jun 2022 - Nov 2022 datapoint info Solutions

Interned on a research project **involving international stock index prediction using Artificial Neural Networks (ANN)** at Datapoint Info Solutions. Developed models to predict stock index movements, gaining hands-on experience in AI and financial data analysis.

### **Projects**

### **Personal Portfolio**

Developed a modern, responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my education, skills, projects, certifications, and experiences. Integrated interactive features such as a typing animation, smooth scroll navigation, skill icons, contact form (Formspree), and project demos with GitHub and live preview links. The design emphasizes accessibility, responsiveness, and clean UI/UX principles.

### Amazon Clone Project: Building an E-commerce Web Interface

The objective of this project was to replicate the front-end design of Amazon using only HTML and CSS. This project helped enhance my front-end development skills by focusing on layout structuring, navigation, product display, and user-friendly design.

### Weather App: Real-Time Weather Information

Developed a weather app using HTML, CSS, and JavaScript, integrating the Open Weather API for real-time data retrieval. Designed a responsive UI with a modern gradient card layout, optimizing user experience. Utilized asynchronous JavaScript (fetch API) for efficient data handling.

#### Certificates

**Course Completion of Java Foundation** 

Aug 2024

Infosys Springboard

Course Completion of Artificial Intelligence Primer

Aug 2024

Infosys Springboard

Career Essentials in Software Development by Microsoft and LinkedIn

Oct 2024

#### **Core Skills**

Web Development, Machine Learning & AI, Software Testing

# Languages

C, Python, Java, HTML, CSS, Java Script

#### **Education**

**CMR Institute of Technology** 

Sep 2023

Btech - Computer Science and Engineering

**Bandari Srinivas Institute of Technology** 

Jun 2020 - Apr 2023

Diploma - Computer Science and Engineering

CGPA - 7.11

Sri Gurudatta High School

Jun 2019 – Mar 2020

CGPA – 9.0
